A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn *why* this medicine has such a wide range of application in the cure of diseases. It is sent *free*. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

A Positive CURE for CATARRH

Ely's Cream Balm

is quickly absorbed. Gives Relief at Once.

It cleanses, soothes, heals and protects the diseased membrane. It cures Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Full size 50 cts., at Druggists or by mail; Trial Size 10 cts. by mail. Ely Brothers, 56 Warren Street, New York.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

THE UNITED STATES AND JAPAN.

One of the Washington papers this morning contains an alarmist article on relations between the United States and Japan. It said: Despite the most vigilant precautions of the President and his advisers in keeping the information to themselves, the fact has leaked out that the relations between the United States and Japan have reached a most critical stage. According to one of the President's advisers, the two countries seem to be drifting rapidly toward war, and deft and vigorous diplomacy must be exercised if certain new developements are to be disposed of without an explosion. A conference was held yesterday at the White House between the President and the California delegation looking toward a solution of one phase of the difficulty. Bluntly stated, the administration is in possession of information which forces it to assume that the Japanese government is attempting to withstand tremendous pressure tending toward a rupture of friendly relations with the United States. This ominous situation in Japan is made doubtly critical by the attitude of the Pacific Coast, which refuses to budge an inch in its position of hostility toward the Japanese. The San Francisco school authorities have not only prepared to make a fight against the Federal government in the courts, but the California Senate on Tuesday adopted a resolution strenuously protesting against the "unwarranted interference" by the government with the "constitutional rights of a sovereign State," and requesting the governor and attorney general to take all steps necessary to protect the State and save its rights."

The following offset to the above is from one of the Baltimore papers of this morning:

After a two-hour conference at the White House last night regarding the Japanese question on the Pacific coast the California delegation in Congress authorized the following statement:

"The California delegation had a very full and harmonious discussion with the President, the Secretary of State and the Secretary of the Navy on the serious questions relating to the Japanese on the Pacific coast. The character of the discussion leads us to feel confident that a solution will be reached satisfactory to all concerned.

"The result of the meeting is that the delegation has telegraphed to the president of the San Francisco board of education and the superintendent of schools to come to Washington at once for a conference with the President and Secretary of State."

The existing treaty between the United States and Japan will expire March 12 this year. President Roosevelt has heretofore assured the members of Congress from California that he would endeavor to form a new treaty with the Japanese Empire which would meet with their entire approval and at the same time prove satisfactory to the Tokio government. The Californians have in the past insisted on an exclusion act to bar Japanese coolies out of the United States, but it is hinted that as a result of the conference at the White House Senators Perkins and Flint and the members of the House of Representatives from that State have practically agreed to waive this demand and leave it to President Roosevelt to negotiate a new convention which will keep Japanese coolie labor out of this country. Japan has made it clear that she will only consider a treaty which is mutual, and what concessions this government has been asked have not been made public.

It was admitted at the Japanese embassy last night that Viscount Aoki, the Japnaese ambassador, has discussed the proposed treaty with the President and that they are in perfect accord. The second secretary of the embassy, Mr. Hanihara, refused to say what concessions had been promised by this government or as to what would be satisfactory to the Tokio government. He stated, however, that Japan does not encourage her laborers to come to this country.

Members of the California delegation, who participated in last night's conference, have been pledged to secrecy and refuse to talk of the matters discussed with the President further than what is contained in the statement of the California delegation. The statement was given out by Representative Hays and was prepared in the President's office and approved by Mr. Roosevelt.

Shipload of Wild Animals.

Seventeen tons of zoological specimens from the jungles of British East Africa, the result of nearly a year and a half of labor on the part of an expedition sent out by the Field Columbian Museum, of Chicago, has just arrived at New York and will be forwarded to the west in a few days. The collection includes two elephants, a group of African buffalo, ranging from the calf to the full grown bull; a group of lions, ranging from the cub to the full-grown black-maned male; a complete series for 20 groups of specimens of the African antelope, ranging in size from the dik-dik to the eland, the largest of the antelope species in Africa; numerous specimens of the monkey, jackal, hyena, wild pig, rhinoceros, hippopotamus, leopard, cheetah and others animals, and scores of jungle fowl. Mrs. Ackerley, wife of the collector for the museum, took an active part in all of the forays for big game and it was her gun which brought down two of the biggest elephants killed by the party, declared to be the best two specimens ever taken out of Africa. She also had a leading part in the search for and capture of the other big game including buffaloes, antelopes, lions, hyenas and leopards.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome nourishing, and satisfying. It's safe even for the youngest child. Sold by E. S. Leadbeater & Sons, druggist.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a large tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure at E. S. Leadbeater & Son's drug store. 50c and $1.00. Trial bottle free.

When the cold winds dry and crack the skin get DeWitt's Which Hazel Salve. Sold by W. F. Creighton & Co., 401 King street.

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuffed air-passage. Price 50c. If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the remedy in solid form and will rid you of catarrh or hay fever. No cocaine to breed a dreadful habit. No mercury to dry out the secretion. Price 75c, with spraying tube. All druggists, or mailed by Ely Bros., 56 Warren Street, New York.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

Alexandria Gazette — SIC SEMPER TYRANNIS — AND VIRGINIA ADVERTISER

THURSDAY EVENING, JAN. 31, 1907.

THE PRESIDENT has injected a dash of practical irony into his political feud with Senator Foraker, by picking out without consulting the Senator, an Ohio colored man for a fat federal position in in that State. Ralph Tyler, of Columbus, it is understood, will get the berth of surveyor of the port of Senator Foraker's own town of Cincinnati, at $5,000 a year. In selecting Tyler the President has been guided by Booker T. Washington. Neither Senator Foraker nor Senator Dick was consulted. All they will have to do with the matter will be to vote for the confirmation of Tyler in the Senate, which it is a foregone conclusion they will do, because there are about 50,000 colored voters in Ohio, consequently more than the normal republican majority, and they cannot afford to show their resentment. Senator Foraker's recent championship of the course of the colored brother in the Brownsville affair effectually stops him from trying to resist the action of the President. It is said the President during the Brownsville debate discovered that the recognition Mr. Foraker had accorded to the negroes in Ohio was almost nil. The President may later give a second good federal appointment to an Ohio colored man, thus rubbing it in some more on Mr. Foraker. When he determined on making the present appointment he had several colored men under consideration, one of them a former State representative of Cincinnati, suggested by Representative Longworth. These appointments will set Mr. Roosevelt all right again with the "colored brother."

THE LYNCHING EPIDEMIC was in evidence in Pittsburg, Pa., early last night when an excited crowd attempted to lynch a negro who had committed a misdemeanor. A white newsboy asked the darkey to purchase a paper from him, when the negro, it is alleged, shoved the youngster away in a rough manner. The boy retaliated by throwing a stone at his assailant, when the latter chased the boy and began to choke him. A number of white men ran to the boy's rescue, while negroes attempted to aid the member of their race, and during the melee the cry of "lynch him!" came from many throats. The darkey barely escaped with his life. Such scenes are a disgrace to any community. The negro could have been turned over to the police, and, as he had not committed a capital offense, his case would doubtless have been disposed of in the Police Court in a manner satisfactory to all law-abiding citizens. The mania for lynching is spreading all over the United States, and the authorities should use heroic measures to suppress it. Should they prove remiss, dog fights may bring on disorders among bystanders which will end in bloodthirsty and irresponsible people stringing up their fellow-creatures on almost any charge.

AN INDIVIDUAL who gave his name as Harry Howard was arrested after considerable difficulty in Smithfield, W. Va., last night for attempting to burn the town. He said God had commissioned him to apply the torch to the place. Religious fanatics are all more or less dangerous, although most people are disposed to look upon them as harmless. Some of the most horrid crimes in history have been perpetrated by men who pretended to be inspired or who had announced that they were the mediums of revelation from the Creator to the creature. All such should be watched on general principles. The murderer of President Garfield imagined he was acting under the guidance of God.

DELAWARE will retain the whipping post, because, in the language of the report of a Senate committee, "the whipping post is a fearful thing to gentleman crooks, robbers and safe blowers, for they pass Delaware by so long as the lays the cat upon the culprits' backs." For these very same good reasons the whipping post should be established in every State in the union.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Jan. 31.

The Japanese war cloud is again upon the horizon. It appeared very large and plain in two important places yesterday at the Capitol where the Senate was asked to spend more than half a million dollars for the defenses of the Hawaiian Islands, and at the White House where the President and members of the California congressional delegation held a long evening conference which did not adjourn until the President and Secretary of State had placed a padlock upon the mouth of every gentleman present. The upshot of the sensational whispers at the Capitol will be that the harbors of our Hawaiian possessions will be strongly fortified against the possible attacks of a foreign foe, Japanese understood; and the result of the White House pow-wow was that the President of the San Francisco board of education and the superintendent of schools were summoned not foot to Washington by telegraph. It was rumored at the Capitol that Secretary Taft has received word that the Japanese of the Hawaiian Islands are organizing military companies in secret, the leaders in the mysterious organization being veterans who saw service in the Russian-Japanese war. Their purpose is said to be to build a powerful anti-American army which will attempt an overthrow of the Government, simultaneous with the expected attack of their countrymen from the sea. The fact that the Japanese navy is now being rapidly strengthened, it is said, lends color to the rumors that Nippon is preparing for trouble with a foreign power. All these stories are of course merely of a speculative kind, but baseless as they may be, there can be no denial that the Administration is a good deal worried by the increasing ugliness of the situation. Senator Perkins, of California, declared today, like other members of the delegation from that state, that there was no likelihood of trouble arising between Japan and the United States. "Stories to the contrary," said he, "are much exaggerated and generally without foundation. We have every reason to believe that the slight differences that exists between the two governments will yield to diplomatic treatment. Senator Flint refused to discuss the matter.

The Japanese ambassador had a conference wite Secretary of State Root today, presumably with reference to the pending negotiations. Secretary of War Taft authorizes the statement that there is absolutely no information in the hands of the government that the Japanese in Hawaii are organizing for a possible demonstration against the United States. "There is no danger of war with Japan. This war talk is all bosh," declared Representative Kahn, of California, today.

The general terms of the treaty now being negotiated with Japan became known from an authoriatative quarter today. They are that the United States may exclude Japanese laborers. The Japanese government has agreed to such an arrangement on one condition that the authorities of San Francisco will raise the bars that now keep Japanese children out of the regular public schools of that city. It is stated that it is absolutely necessary in order for the mikado to save his face at home that the people of San Francisco agree to this condition, Otherwise, negotiations will be broken off and a serious entanglement may ensue.

President Roosevelt's friends are not greatly perturbed over the statement made in Wall street that he is the owner of $10,000 worth of bonds of the St. Paul, Minneapolis and Manitoba Railroad, a corporation that has been sued recently by Attorney General Young, of Minnesota, for the payment to the State of one per cent of its gross warnings which the road is alleged wrongfully to have withheld. It is pointed out that the President has owned these bonds, according to the story, since 1881, long before he entered upon his fight against those railroads and industrial corporations which in his opinion have been defying the law. The fact that he is an investor in railroad property—and it is not doubted that he has other holdings of a a similar kind—has not deterred him from waging his campaign on behalf of the proper curbing of the railroads by federal legislation.

The House committee on postoffices today reached a compromise with the railroad attorneys on the question of railroad pay for carrying the mails. The committee had fixed the pay at $18 a ton a mile per year. The price paid for the current year is $21,37½ per ton per mile per year and the appropriation was $43,000,000. The saving in the annual appropriation for this service will amount to practically $5,000,000. The annual appropriation for rent of railway postal cars is to be cut from $5,000,000 to $4,000,000.

The Secretary of the Treasury today sent to the Senate a request for additional appropriations for the support of the army next year aggregating $9,792,057, made necessary by reason of the law recently passed increasing the artillery corps.

Today's reports from the stricken districts in North Dakota say that both the Great Northern and the Northern Pacific have succeeded in delivering supplies of coal and provisions to towns most in need of them.

The coroner's jury this afternoon rendered a verdict of suicide in the Mrs. William G. Copley case.

The President received a call today from a delegation of ladies representing the Woman's Army Canteen Club No. 1, of Washington, and expressed his sympathy with their efforts to re-establish the canteen in the service. Mrs. Anita Newcomb McGee, the army nurse, and Mrs. Inez Seymour McConnell, the president of the newly formed club, told the President of their plan to organize branch clubs throughout the country. The ladies left the White House greatly elated with their reception by the President, and predicted that he would at the proper time urge upon Congress a repeal of the present objectionable anti-canteen law.

Owing to the failure of the railroad attorneys to appear today, the House committee on postoffices and postroads today decided to cancel the hearings it had set for today and tomorrow for the railroad companies to oppose the proposed reduction in the railway mail pay. Representatives of railroad lawyers asked a postponment until Monday. "Appear today or never," the representatives of the attorneys were told. They could not comply.

A life size portrait of President Roosevelt is being painted for the Peace Palace at the Hague, by Baron Robert de Doblhoff, a distinguish artist of Paris.

It is admitted in administration circles today that the Presidens is considering the advisability of appointing a negro as Surveyor of Customs at Cincinnati to succeed Amor Smith, jr. The appointment of a colored man to such an important federal position, if made it is said by President's friend would be for the purpose of demonstrating that the President's attitude in the Brownsville case did no arise from any prejudice against the negro race as such.

Through Mr. Daniel the Senate has passed a bill to authorize the Norfolk and Western Railway Company to construct a bridge across the Potomac river at or near Shepherdstown, W. Va. The bill has passed the House. Mr. Daniel has presented the following in the Senate: A memorial of the Council of Jewish Women, of Richmond, Va., and a memorial of the Liberal Immigration League, of New York city, N. Y., remonstrating against the enactment of legislation to further restrict immigration; a memorial of sundry citizens of Richmond, Va., remonstrating against the enactment of legislation to abolish the biological survey department in the Department of Agriculture; a petition of the Chicago Clearing House, of Chicago, praying for the enactment of legislation permitting national banks to issue unsecured credit notes; also the following: A bill for the relief of Lieut. Commander Kenneth McAlpine, United States navy; a bill to protect the monuments already erected on the battlefields of Bull Run, Va., and other monuments that may be there erected; a bill authorizing the placing of Capt. Carter P. Johnson, Tenth United States Cavalry, on the retired list with the rank and pay of a major. Mr. Daniel has presented a memorial of the Game Protective Association of Virginia, remonstrating against the abolishment of the division of biological survey, in the Department of Agriculture; also a petition of the Clearing House Association of Norfolk, Va., praying for the enactment of legislation for the issue and redemption of national bank guaranteed credit notes.

A cablegram from Senator Martin states that he and Mrs. Martin arrived at Gibraltar Tuesday on schedule time. They sailed for Naples yesterday.

The Senate today roared with laughter at the expense of Mr. Foraker and the recent Gridiron discussion. It was during the speech of Mr. Rayner who was detailing specific instances of what he characterized executive usurpation.

Unusual action was taken today by the Senate committee on military affairs when it voted for the benefit of one man, to report favorably a bill, incre sing by one the medical staff of the army above the present legal limitations. This was done for the benefit of surgeon James Carroll on the recommendation of Secretary of War Taft, who in a communication to the committee, said that he was "too valuable a man be placed on the retired list."

Brooding because Ernest Reed, a motorman on the Metropolitan Railroad, would not marry her, Gertrude Lamkin, twenty-two years old, committed suicide in Baltimore yesterday afternoon, by drinking wood alcohol. She was employed in the home of Prof. Wood, of Johns Hopkins University, and it was in the kitchen of his home that she was found unconscious.

Temporary insanity during periods of intense nervousness and augmented by ill health, resulting from epileptic attacks, is the defense of counsel for Mrs. Jennie L. May, now under trial in Washington before Justice Stafford and a jury on charges growing out of the shooting of Lucien H. Conen, a member of the Marine Band, on September 27, 1905, from which injuries Conen died last October.

Wages on the Panama canal was the subject of a conference held at the White House Tuesday by the President, Chairman Shonts of the Canal Commission, and Thomas J. Dolan, Secretary of the steam shovelers' union. It is not probable that the President will agree to the "raise" requested, for he is of the opinion that the workmen on the canal are well paid already, and if he granted an increase for the shovelers' union he would at once be stormed by the representatives of all the other trades for additional pay.

The bill revising the copyright laws upon which the joint committees of House and Senate on the Congressional Library have been working for two years has been reported to the Senate by Senator Kittredge. It gives the author of a musical composition absolute right of control over its reproduction in any form whatever and therefore is antagonistic to the interests of the manufacturers of automatic piano players, etc. It gives the author of a book, or other composition, copyright for twenty four years and to his heirs and assigns for yhirty years after his death. The bill is timilar to that reported in the House a sew days ago.

Charged with Wife-Murder.

Waycross, Ga., Jan. 31—H. E. Lilles has been arrested charged with the murder of his wife and the serious wounding of his four-months-old baby. It is said that Lilles was recovering from a spree and in a fit of passion he killed his wife with a shot gun. As she fell the babe clung to her. Lilles fired the other barrel and shot off the child's right arm. The man was standing unconcernedly by his dead wife when arrested. Lilles claims that the killing was accidental. There were no eye-witnesses.

DR. FOSTER REMOVED.

Sensational happenings marked the session, of the State Hospital Board in Richmond yesterday. At the morning session as stated in the Gazette of that day, a surprise was sprung by counsel for Dr. Foster, of the Eastern State Hospital, at Williamsburg, who presented an order from Judge Tyler, of the Williamsburg Circuit Court, prohibiting the board from taking any further action in the case of Dr. Foster until the court had so authorized.

Eppa Hunton, jr., counsel for the board, at the afternoon session advised the board to proceed without reference to the court's order. Immediately upon the board's decision to accept Mr. Hunton's advice Colonel Lawless and his client, Dr. Foster, left the room hurriedly, and it was understood, put themselves in communication with Judge Tyler by telegraph. The board then proceded, technically in contempt of court.

At a session of the hospital board, held in the Senate chamber last night, resolutions were adopted removing Dr. L. S. Foster from the superintendency of the Eastern State Hospital, at Williamsburg, for neglect of his official duties, the removal to go into effect upon the final adjournment of the board, and appointing Dr. O. C. Brunk as his successor.

The resignation of Dr. J. M. Henderson was also accepted, with the request that he continue to discharge the duties of his position until his successor shall have qualified. The resolutions were adopted by unanimous vote in each instance, two members who had not heard all the evidence being excused from voting in the matter of the removal of Dr. Foster.

CONGRESSIONAL.

In the Senate yesterday Senators Carter and Heyburn spoke in criticism of the public land policy of Secretary Hitchcock. The speech of Mr. Carter was sensational in its personal allusions to the Secretary.

The bill appropriating money to prevent the overflow of the Colorado river by appropriating $2,000,000, and one putting the Panama Railroad under the control of the Isthmian Canal Commission were passed.

The Senate also passed the bill to allow the street railroads of Washington to lay tracks to connect their various lines with the plaza in front of the Union Station.

The House passed the agricultural appropriation bill and took up the river and harbor bill.

Mr. Wadsworth made a sensational statement in regard to his controversy with the President over the meat inspection law.

Appeal Granted.

The Court of Appeals has granted an appeal in the case of the Louisville and Nashville Railroad vs. the Interstate Railroad Company, which comes up from the decision of the State Corporation Commission. The petitioner sets forth the fact that the Louisville and Nashville "filed a petition before the Corporation Commission, the purpose of which was to have the commission take up, consider and pass upon the necessity for the proposed crossing of the tracks of the Louisville and Nashville at grade and over its yard at or near Appalachia, in Wise county, by the proposed railroads of the Interstate Railroad Company as well as the method of said proposed crossing and upon the proposed crossover switch and connection of the Interstate Railroad."

Today's Telegraphic News

Mr. Rayner's Speech.

Washington, D. C., Jan. 31.—"Executive usurpation" was the subject of a speech delivered in the Senate this afternoon by Mr. Rayner, of Maryland, in his usual forcefull manner. After disclaiming any intention to assail the President personally or to make political capital out of his remarks, the Senator proceeded to show that the present occupant of the White House, although influenced by honest motives, "has nevertheless set an example for future Presidents and future generations that is destructive of our best traditions, that challenges the law and ignores the limits of the Constitution." He asserted that the President was mistaken in assuming that it was his duty to interfere with Congress when its proceedings did not happen to comport with his own ideas of what was best for the people.

"In pursuance of this purpose," he declared, "we have now for the first time in our history a government practically conducted in nearly all of its departments, with the exception of the judiciary—and even there the encroachment is visible—by the executive. His standards and ideals may be right, and I am satisfied that they are a number of instances, but I sincerely believe that the safety and welfare of the republic is in danger if the blight of such a policy should be allowed to become engrafted upon our institutions." Senator Rayner then discussed various incidents illustrative of this statement taking up first the Santo Domingo modus vivendi. He charged that in this matter the President had usurped the treaty-making power of the Senate and that the appointment of an American agent as an official of Santo Domingo to collect the customs was "simply a cover and an evasion." Next he disapproved of the President's public criticism of the decision of federal Judge Humphrey, who gave the beef trust its immunity bath. "We can not tolerate such intrusion upon the rights of the courts," he declared with emphasis.

Taking up the President's methods of influencing Congress in regard to the railroad rate bill, the Senator drew humorous pictures of the contest between Senator Aldrich and the President. "The Senator from Rhode Island," he said, "time and time again went down beneath the ponderous blows of his opponent. But at length science began to tell. The President had changed his tactics so often that he became exhausted and appealed for help. One morning the Senator from Rhode Island appeared in this chamber with a radiant smile. The tournament was over. The Senator from South Carolina looked about for the promised troops, but they had fled. An ex-Senator from New Hampshire (Chandler) lay dead upon the field. The President lay entangled in his armor, his breast-plate and his battle-ax were shattered, and above him waved the pennant of Rhode Island. If the President had only kept out of the fray, it would have ended in an entirely different way It was impossible, however, for him to do this."

He characterized the passage of the lock canal measure as the most wonderful exhibition of the President's power over Congress that has yet occured, and he poked fun at the sea level Senators who had meekly submitted to the President's will. "Even the Senior Senator from Ohio," he said, "fell a victim to the magic power of the love charm that had been concocted at the labratory of the White House.

In words of great earnestness, Mr. Rayner then denounced the President's action on the appeal of Admiral Schley from the judgement of the court of inquiry, this portion of his speech having particular interest because of the fact that the present Maryland Senator was then Schley's cheif counsel. He charged that the President had refused the appeal of ex parte testimony given by the enemies of Admiral Schley in the naval service, and without according to the admiral the right of being confronted with these witnesses. Comparing his case with that of Dreyfus, Mr. Rayner exclaimed: "Admiral Schely shall yet be heard. No such melancholy page as this shall blur the annals of our history."

Mr. Rayner closed his speech with an eloquent exhortation of the sacredness of the constitution. "I believe," he declared, "that if the democratic party would take up as its battle-cry the reserved rights of the States, and the inviolate constitutional distinction of the legislative, the judicial, and the executive departments, we could rally around the document the intelligent suffrages of our countrymen. "This division of governmental power is to arch that supports the bridge. Keep the key stone intact, so that no sacrilegious hand shall blast or hew it down, and the whole majessic structure shall time defy, as rocks resist the billows of the sky."

Mr. Rayner was given a veritiable ovation in the Senate at the conclusion of his speech, when he expressed the hope that a new party delivered would come upon whom all democrats could unite and that none would have to follow some fantastic ideal.

Mr. Carmack declared that the only difference between the President and Mr. Bryan was that the latter said governmental ownership ought to follow a failure to properly regulate railroads while the President had held that it will have to follow failure to regulate.

Bull Run Monument.

Senator Daniel has introduced a bill to protect the monuments already on the battlefields of Bull Run, and others that may be placed there hereafter.

The bill recites the fact that troops belonging to the department of Washington, in the month of June, 1865, took possession of certain lands on the battlefields of Bull Run, and have placed two monuments about one mile apart.

At present the monuments stand on private property, although the State of Virginia has ceded to the United States jurisdiction over land that may be acquired for the purposes named, not to exceed —— acres.

Should the government secure the land then the President shall appoint a commission of two persons, one of whom shall have been a federal soldier and one a Confederate soldier, which commission shall consider any plans submitted to it for the placing of monuments on the battlefields thereafter.

The Thaw Trial.

New York, Jan 31.—The one hundred talesmen on the special panel ordered to report today were present when the time came for the opening of the court which is to try Harry K. Thaw for the murder of Stanford White. It was nearly 11 o'clock when counsel for both sides filed into court.

All the Thaw family were in court when Justice Fitzgerald finally called the court to order and the roll call of the new panel was called by Clerk Penny. Mrs. William Thaw, the mother, with Mrs. George Lauder Carnegie and the Countess of Yarmouth, accompanied by Josiah Thaw and Mr. Carnegie, were early arrivals in court. Evelyn Nesbit Thaw and May McKenzie came later. There were friendly greetings between the defendant's wife and the Thaws. Harry Thaw gave his mother and wife smiling greetings as he passed to his seat. The young man appeared to be in a thoughtful mood today and at once busied himself with a pile of letters and newspaper clippings which had been placed before him on the counsel table.

When the roll-call of talesmen and jurors had been completed District Attorney Jerome addressed the court as follows: "May it please the court after a conference with the counsel for the defense we have decided to ask you to excuse David S. Walker, juror No. 4, and Louis Haas, juror No. 9."

Justice Fitzgerald rapped, and announced that jurors No. 4 and No 9 are excused by mutual consent of counsel.

Thaw was amazed at the suddenness of affairs, and turned to Peabody and asked what it all meant. He seemed satisfied with Peabody's explanation, but there was a trace of irritation on his face as an evidence of his disgust at another delay in the case.

Oscar A. Pink, a hay and grain salesman, 46 years old, was chosen as the twelfth juror, and assigned to seat No. 4, which had previously been vacated by Mr. Campbell and then by Mr. Walker.

Wilber F. Steele, manufacturer, 53 years old, was selected as thirteenth juror. Mr. Steele takes the place of Mr. Haas, No. 9, who was excused this morning. There are now eleven men in the box.

The examination of talesmen on the new panel which reported today, was resumed to fill the vacancies which now exist in the jury box.

Justice Fitzgerald has just ordered a new panel of one hundred talesman to report in the court tomorrow morning. This will make a total of five hundred talesman called.

Financial Indigestion.

New York, Jan. 31.—With the recent stock and bond issues of railroads and industrial corporations exceeding the national debt by many millions, the stock market today is in a fit of financial indigestion and security values are slumping heavily. Since the first of the year over a billion dollars has been lost in market values to shareholders all over the country.

The stupendous stock increases of the northwestern railroads followed by the insatiable demands for money by eastern trunk lines has glutted the market with securities reaching far above the billion dollar mark and exceeding by many millions the $975,000,000 national debt of the United States.

Halted by the inability to obtain more money, several railroads have announced the suspension of contemplated improvements. Interest rates are the highest for years and many roads, including the New York Central, have resorted to the sale of short term five per cent. notes. Some of these railroads, anxious to secure funds for improvement purposes, have sold their notes on a six per cent. basis.

Bankers have drawn upon every available source of money supply for funds and the country banks from here to the coast have sent millions to this city to secure the high interest return.

James J. Hill recently stated that it would take three billion dollars to place the railroads of this country in a position to handle the traffic that was offering at present. He declared that business paralysis must result in the inability of the railroads to handle the traffic.

The Pennsylvania Railroad and the Atchison have made the largest demands upon the money market. The Pennsylvania has asked for the authority to issue $100,000,000 in stock, and $100,000,000 in bonds, while the Atchison has just made announcement of an issue of $100,000,000 to be used in the conversion of a like amount of bonds recently issued.

In order to meet this tax on the money market, liquidation is now under full swing in Wall street. There is a general readjustment of securities values to meet the high interest rates and stocks that six weeks ago sold on a 3 1-2 and 4 per cent basis are now selling to bring the investor 5 to 6 per cent.

Change of Sentiment.

London, Jan. 31.—A decided change in sentiment toward the United States as a consequence of the Kingston incident is being manifested by a part of the London press.

The Morning Post asserts the incident is not regarded by the English people as closed; that they are entitled to full knowledge of all the facts both in regard to Governor Swettenham's actions, and Admiral Davis's course, which led to the ordering of the American naval forces from Kingston.

Stories of abuse of Americans, it states, plainly are exaggerations of sensational American newspaper men. When the full story is known it hints that justification for Swettenham's action may be found.

"We cannot forget that in the past the American government has too often failed to get up to the spirit of friendly declarations in dealing with this country," is one of the comments made by the Chronicle. It also shows a disposition to excuse Governor Swettenham and the newspaper utterances are indicative of a change of opinion generally.

The Murder of Dr. Townsend.

New York, Jan. 31 – At the inquest begun today into the death of Dr. Charles W. Townsend, the Staten Island physician, killed while in bed early Saturday morning, relatives of John Bell, the suspected trolley car conductor, who yesterday related to the authorities Bell's reported confessions to them, are expected to give testimony which will result in his being held for trial. According to details of Bell's confession the sight of Townsend's wife and children sleeping quietly in their beds almost turned him back. Then the remembrance of his imaginary wrongs returned to give him courage, and he fired the fatal shots.

The Trial of Dr. Simpson.

New York, Jan. 31.—There was a manifest change of sentiment in favor of Dr. James W. Simpson, the Fifth Avenue dentist, now on trial for the murder of his father-in-law, Bartley T. Horner, when the hearing was resumed at Riverhead, L. I., today. The failure of the prosecution yesterday to bring out a strong case against the dentist, has caused public opinion to swing his way. A commission in lunacy has reported that Frank Winowski the Polish boy, who was the only eye witness of the shooting, is too feebleminded to testify. Mrs. Simpson may take the stand against her husband later today.

Mr. Lamb's Address.

The Parish Hall of Christ Church was filled last night by an appreciative audience which had gathered under the auspices of "The Forward Movement" of the Sunday school of that church to hear the address of Hon. John Lamb, member of Congress from the 3d district of Virginia. The audience was composed of the scholars, their parents and friends and all present were greatly pleased with Mr. Lamb's address, which was interesting, instructive and entertaining throughout. He portrayed Generals Washington and Lee as the illustrious Christian chieftains of the age, who had received most of their spiritual edification in old historic Christ Church. The speaker was listened to with close attention. At times he lapsed into a pleasant vein, which was much enjoyed by old and young alike.

The Weather and River.

The weather became cold again last night, and the mercury in the thermometer at 7 o'clock this morning had fallen to 20°.

Conditions on the river this morning were unchanged. More ice formed last night, but it afforded no serious impediment to steamboats. Iron tugboats experience no difficulty in passing up and down the river, but those constructed of wood are more or less damaged by ice floes at certain points in the river. The tugboat Rosalie, owned by W. A. Smoot & Co., had part of her bow cut through at Fort Washington Tuesday and is now in the dock at the foot of King street undergoing repairs.

The Corinne Runkel Co.

The Corinne Runkel Stock Company will open a three nights' engagement at the Opera House tonight. This company, which has been meeting with great success, is said to be capable in every way, and a series of excellent plays will be presented. A large number of specialties will be introduced between the acts Tonight the company will present "The Man from Missouri," a four-act melodrama containing a good vein of comedy. The rumor on the street of some trouble between members of the company is denied by both Mr. Runkel and Mr. Harper, and the shows will be produced in their usual good manner.

Surprise Party.

When Councilman Henry Baader entered his home last night, after business hours, he was greatly surprised to find that the house had been literally captured by the euchre club of the Old Dominion Cigar Company, who had assembled, without his knowledge, for the purpose of spending the evening in a social game of euchre. Mrs. Baader, who is ever ready to meet an emergency, grasped the situation at once, and was not long in preparing a handsome supper to which all did full justice, and at a late hour left for their homes, wishing the host and hostess many returns of the happy occasion.

Basketball.

In a fast and exciting game of basketball last night the Warwicks, of Washington, defeated the Alexandria Athletic Association Reserves by a score of 21 to 19. The Reserves then defeated the Young Mens' Sodality Lyceum, of this city, in a well played game by a score of 34 to 14. The Alexandria Athletic Association will play the Capron Cadets, of Washington, tomorrow night. The Capron Cadets are a strong and fast team and a good game is looked for.

Colonial Home Destroyed.

The handsome old colonial residence at Luray of the late Col. W. O. Yager was totally destroyed by fire, together with all the contents, yesterday. The house contained a large quantity of handsome antique furniture, all of which was burned. The loss is considerable.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by E. S. Leadbeater & Sons, druggists.

To stop a Cold with "Preventics" is safer than to let it run and cure it afterwards. Taken at the "sneeze stage" Preventics will head off a l colds and Grippe, and perhaps save you from Pneumonia or Bronchitis. Preventics are little toothsome candy cold cure tablets selling in 5 cent and 25 cent boxes. If you are chilly, if you begin to sneeze, try Preventics. They will surely check the cold, and please you. Sold by E. S. Leadbeater & Sons, druggists.

The Two-Cent Rate.

When the Virginia State Corporation Commission met in Richmond yesterday in the two-cent passenger rate hearing, representatives of the Seaboard Air Line Railroad Company were called to show cause, if any, why that road should not adopt the two-cent rate in Virginia. Attorney E. Randolph Williams, counsel for the road, filed documentary evidence regarding rates and tariffs E. B. Ryan, general passenger agent of the road, was then called to the witness stand. Practically all of Mr. Ryan's evidence was along the lines of the operation of the passenger business compared with the operation of the same business over other roads in Virginia and in the United States at large. Some time was taken in describing the natural conditions and aspects of the country through which the Seaboard Air Line runs in this State, and in drawing certain conclusions from these conditions. Most of the evidence was of a technical nature.

An echo of Virginia's fight to maintain her supremacy in the control of the affairs of the Richmond, Fredericksburg and Potomac Railway was heard when the State board of proxies filed its report with the corporation commission. One of the most novel features embodied in the paper is the memorandum of Judge A. L. Holliday, chairman of the State board of proxies, setting forth his reasons for not uniting with his colleagues in voting for Wm. H. White as president of the road.

STATE FINANCES.

The annual report of State Auditor Marye has been issued, covering matters statistical for the year ending September 30, 1906.

The report shows that the negroes own less than one twenty-fifth of the real estate of the State, the actual figures being: Whites, 25,696,191; colored, 1,365,426, while the value of the holdings is relatively smaller than the acreage, the report showing that the whites have to pay on a valuation of $361,698,726 and the blacks on $17,278,343. The foregoing applies strictly to real estate and includes all properties owned by whites and blacks in the countries as well as in the cities.

When it comes to personal property, which includes everything taxable that is not listed as real property, the negroes make a relatively better showing than they do in the matter or real estate. The whites own $131,774,416, while the blacks are held to account for $5,989,046. This showing is due to the fact that the negroes own horses in the country and other personal property in the cities making the showing much better.

After paying all obligations—including schools, pensions to the amount of $200,000, interest on the public debt (not yet due), all salaries, for immense sums for improvements to the State Capitol building, increased appropriations for the educational institutions and many other purposes, the State had a cash balance on hand October 1, 1906, of more than $600,000, showing with what care and accuracy her financial affairs are being managed.

This year (1907) the revenues of the State will be much larger than at any time in her history and there will be no drain on the treasury like that of the last year, when many emergency calls were heeded and the State's money spent lavishly.

It is the belief of men familiar with the affairs of the State that within a year or two the tax rate can be considerably lowered and the revenue still further increased, the corporations paying more now than since the "charter bill" began to operate. The State is in better condition at this time than she has been during the last fifty years.

Volcano Pit Filled with Lava.

Honolulu, Jan. 31.—Wireless reports state that the inner volcano of the pit of Kilaue, Hawaii, is completely filled with lava. This means that the pit, 600 feet deep and 300 yards in diameter, now is a seething mass of spouting lava. The lava has reached the same point as in 1898, when the sudden activity caused the bottom to drop 800 feet.

A bill introduced in the Pennsylvania House this morning by Mr. Adams of Allegheny will, if passed, abolish tipping in this State. The provisions of the bill include waiters and other employees of hotels, restaurants, and other public places, and also railroad porters, and servants of all classes.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by E. S. Leadbeater & Sons, druggists.

Fifty-ninth Congress.

Washington, Jan. 31.

SENATE.

Mr. Gallinger presented in the Senate today a number of petitions from Grand Army posts protesting against the proposed legislation abolishing eighteen pension agencies throughout the country.

HOUSE.

Another unsuccessful attempt was made today to get consideration of the proposed loan of $1,000,000, to the Jamestown Exposition Company. Mr. Payne, republican floor leader, refused to give unanimous consent to the consideration of the matter because the appropriation committee had not considered the subject.

The House passed a bill authorizing sessions of the United States circuit and district courts at Bellingham, Washington.

The House then took up in committee of the whole the river and harbor bill.

Mr. Burton, of Ohio, chairman of the river and harbor committee, told the House that the bill was not only the largest, carrying $83,816,138, but the best ever presented for passage. He said that Congress had now arrived at the point where it was wise to make no appropriation for the new work without appropriating or authorizing enough to complete it. Provision is made for completion in a much larger proportion of projects than in any preceding measure.

Mr. Bartholdt, made a speech in advocacy of the deep waterway between Chicago and St. Louis. He attacked Chairman Burton, of the river and harbor committee for turning down the project.

Mr. Legare, (dem. S. C.) was unusually honored today by being called to the chair during the consideration of the river and harbor bill. He is the first democrat to be called to the chair this session.

White Sugar.

Pure white sugar that has been in use so long is to be put out of commission by the new pure-food law. All the grocers still have the snowy white article for sale, but it will have to be changed before long unless the pure food law is changed. Yellow sugar without adulteration or the whitening process will take the place of the delicious, beautifully colored pure white sugar.

The refiners and chemists and the grocerymen are much disturbed over the action of the pure-food law, and perhaps some housewives may share their feelings. But Uncle Sam will have his way, nevertheless. Sugar chemists say that four pounds of "bluing substance are used to every 1,000 pounds of sugar for bleaching purposes. They say that this is not adulteration—that it is merely purification by a thoroughly healthful process. But Uncle Sam looks at the bleached sugar from a different point of view. And so does the commission.

The pure-food commission does not agree with the chemist, and insists that the whitening process be abandoned. When this is done, all sugar refined under the commissioners' new directions will be of a distinctly yellow shade. Owing to the new law, American's sugar will resume the color of years ago which was on the market when the old men of the present age were boys, for the "pure white" has been handed a lemon, big and sour.

CHURCH AND STATE IN FRANCE.

The French Chamber of Deputies yesterday evening concluded the discussion of and adopted the public meeting's bill by 550 votes against 5.

During the course of the debate there was a more or less exciting incident. Minister of Education Briand left the chamber and threatened to resign. This came about because M. Clemenceau, the premier, during a reply to criticisms voiced by M. Jaures, the socialist leader, on what he termed the "present imbroglio," admitted that incoherence existed, but said that he (the premier), although not responsible therefor, intended to stand by his colleagues. M. Briand thereupon retired to the lobby, fully determined to give up his portfolio, as he considered that the premier's remarks referred directly to himself.

After repeated efforts on the part of his colleagues, M. Briand consented to reconsider his decision, and he finally returned to the chamber with M. Clemenceau. The premier expressed regrets from the tribune for what he called a pure slip of the tongue, and declared that he regarded M. Briand as indespensable for the carrying out of the great reform undertaken by the government.

The resumption of the debate afforded the Premier opportunity to make a further explanation of the government's attitude in the matter of the bishops' declaration, which he designated as "an insolent ultimatum."

THURSDAY EVENING, JAN. 31, 1907.

A Dangerous Enthusiast.

Claiming that God had instructed him to burn the town of Smithfield, W. Va., 30 miles from New Martinsville, Harry Howard was arrested there Tuesday evening as he was emerging from the Bane Hotel. It was ascertained that an attempt had been made to fire the hotel, and at the same time three other buildings, the home of W. A. Lewis, cashier of the Smithfield Bank, the Smithfield general store and a billiard hall burst into flames. The fires, however, were extinguished with small loss.

Howard resisted arrest, and before he was captured shot four men, two of them, it is said, receiving fatal wounds.

After he had been placed in the lock-up a mob attacked the building for the purpose of lynching him, but the crowd was driven off and later Howard was secretly brought to the county jail.

The men wounded by Howard are Earl and Grover Hildebrand, W. E. Smith, chief of police, and Charles Edgell, constable. The Hildebrand brothers will probably die. Smith and Edgell's injuries are not serious.

Croup can positively be stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet, pleasant, and safe Syrup, called Dr. Shoop's Croup Cure, does the work and does it quickly. Dr. Shoop's Croup Cure is for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup, that's all. Sold by E. S. Leadbeater & Sons, druggists.

A Hard Lot

of troubles to contend with, spring from a torpid liver and blockaded bowels, unless you awaken them to their proper action with Dr. King's New Life Pills; the pleasantest and most effective cure for Constipation. They prevent Appendicitis and tone up the the system. 25c at E. S. Leadbeater & Sons drug store.

Fortifying Hawaii.

An urgent recommendation has been made to Congress by Secretary Taft that the proposed appropriation of $100,000 for fortifying Pearl Harbor, Hawaiian Islands, be increased to $350,000. In a letter written to Senator Allison, Chairman of the Senate committee on appropriations, Secretary Taft requests this increase in the appropriation for supplying big guns and forts for Hawaii. In this letter he uses this significant expression: "There is every reason why the fortifications at Hawaii should be made ready." It is believed that when Secretary Taft made this remark he had in mind the possibility of war with Japan and the utterly defenseless condition of Hawaii which would be easy prey for a powerful Japanese fleet.

Mothers who give their children Kennedy's Laxative Cough Syrup invariably indorse it. Contains Honey and Tar. Conforms to the National Pure Food and Drug Law. Sold by W. F. Creighton & Co., 401 King street.

DeWitt's Kidney and Bladder Pills drive the poison from the body. A 25 cent box holds a week's treatment. Sold by W. F. Creighton & Co., 401 King street.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember its made alone for Piles—and it works with certainly and satisfaction. Itching, painful, protruding, or blind piles disappear like magic by its use. Try it and see! Sold by E. S. Leadbeater & Sons, druggists.

FOR OVER SIXTY YEARS.

An Old and Well-Tried Remedy.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

The American Magazine.

Ida M. Tarbell, who wrote Lincoln and the famous "Story of Rockefeller;" William Allen White, the well-known Kansas editor; F. P. Dunne, creator of "Mrs. Dooley"; Ray Stannard Baker and Lincoln Steffens are under the leadership of John S. Philips, now editor the American Magazine.

Never before has such a brilliant group been gathered together, and they are not only contributing themselves, but are filling the magazine with the very best novels and short stories and great timely articles by other famous writers and beautiful pictures by great artists.

A Great Bargain.

The regular price for the twelve numbers of the American Magazine is $1.20—little enough as it is, but for a limited time you can get the November and December, 1906, numbers, with a full year's subscription for 1907, for a dollar, or

14 Numbers for Only $1.00

Think of it! Think of the quality of reading you get for $1.00. Think of the quantity—at least two great novels, 98 short stories, 28 poems, 70 timely articles, 800 beautiful pictures, and all for $1.00.

How About Your Winter Reading?

Cut this offer out, write your name and address on a slip of paper and mail it with $1.00. Send it now—today—before the special 14 months' offer is withdrawn. Send it by check, postal money order or a dollar bill, at the publisher's risk, to the American Magazine, 141 Fifth Avenue, New York City.

New York Daily Tribune.

If you want a publication that serves up so much gore and so many thrills in every issue and do not care whether what you read is true or false, it is money thrown away to buy the Tribune. If, however, you are looking for a daily history of the world, carefully collated and sifted, you cannot make any mistake in reading the Tribune every day. The Daily Tribune contains special articles on nearly every subject which interests intelligent and clean-minded people, to say nothing of the instructive editorial articles and reviews of books, music, art and the drama. Invest $1 and get the Daily and Sunday Tribune by mail for a month. With the Sunday Tribune goes a handsome Illustrated Supplement and a Magazine equal to anything sold for ten cents.

N. Y. Tribune Farmer.

The Tribune Farmer has no superior anywhere in this world as a publication for farmers and their families. Everything worth knowing about the theory or practice of farming is treated by men recognized as experts in their various lines. The Tribune Farmer keeps the farmer in touch with all the latest improvements by text and pictures. Besides this it has features to interest the women folk. The price is $1 a year. For a free sample copy send a postal to the New York Tribune, New York.

N. Y. Tri-Weekly Tribune

The Tri-Weekly Tribune is issued on Monday, Wednesday and Friday of every week, and contains the essence of the Daily Tribune for the whole week. The Tri-Weekly Tribune gives much prominence to special articles, written by experts, on subjects of direct interest to dwellers outside the big cities. Price, $1.50 a year. For a free sample copy send a postal card to the New York Tribune, New York.

PRICE ONE CENT. **THE SUN.** (BALTIMORE, MD.)

All subscribers in District of Columbia, Virginia, North and South Carolina, Pennsylvania, Delaware and throughout the United States can get the Sun at 1 cent a copy.

The Sun At One Cent

Is the cheapest high-class paper in the United States.

The Sun's special correspondents throughout the United States, as well as in Europe, China, South Africa, the Philippines, Porto Rico, Cuba and in every other part of the world, make it the greatest newspaper that can be printed.

Its Washington and New York bureaus are among the best in the United States, and give the Sun's readers the earliest information upon all important events in the legislative and financial centers of the country.

The Farmer's Paper.

The Sun's market reports and commercial columns are complete and reliable, and put the farmer, the merchant and the broker in touch with the markets of Baltimore, Norfolk, Charleston, New York, Chicago, Philadelphia and all other important points in the United States and other countries.

The Woman's Paper.

The Sun is the best type of a newspaper morally and intellectually. In addition to the news of the day, it publishes the best features than can be presented. The Sun is published on Sundays as well as every other day of the week.

By mail the Daily Sun, $3 a year; including the Sunday Sun, $4. The Sunday Sun alone, $1 a year.
